

DESCRIPTION

- CRYSTALLINE is a water-based decorative finish for indoor use, consisting of waterborne styrene-acrylic emulsion enriched with metallic pigments and special fillers.

SPECIFICATION

- CRYSTALLINE features a unique crystalline effect that stands out most when near light sources.
- CRYSTALLINE is washable
- The product is non-hazardous if used according to its specifications.
- CRYSTALLINE can be applied to all kinds of plaster surfaces, as well as wood and metal panels, as long as they are treated with appropriate primers.

APPLICATION INSTRUCTIONS

- Ensure that the surface is clean, dry and free from peeling paint or any substance that may compromise adhesion.
- Prime the surface using the specific decorative primer Sandeco Decoprimer.
- Using a varnish brush, apply first coat of Crystalline thinned with %25 of water and let them dry for minimum 3 hours before applying the finish.
- Spread the product onto the surface with alternate brushstrokes, taking care to level the amount evenly.
- Make sure that both the ambient temperature and the substrate temperature are between +5°C and +35°C
- **Drying Time** :Dry-to-touch, 2-3 hours / In depth, 24 Hours (recorded at 23°C)
- **Packaging sizes**: 1Lt, 2,5Lt,
- **Coverage** : Depending on porosity of surface and environmental conditions, .130-0.140 Lt/m² - two coats
- **Flash Point**: Non-flammable.
- **Storage**: 1 year, unopened in cool frost-free conditions
- **Warning**: Keep out of the reach of children. Avoid contact with skin and eyes.
